Don't forget the 4082 LED ball base. A kaleidoscope of colors continuously morph into the next color making for such an interesting look that you just have to see to believe. The picture shows only 1 color combination with myriad more to be seen! But wait, there's more!! Put any of the colored lotus on the LED base and its an even more amazing effect.

Plus, you can use the light base with other merchandise besides the lotus. It really works in a lot of ways with a lot of products (even products not purchased from ICE...shame on you!)

ICE is ready to ship your goods within 48 hours of receipt so place your order..
